YANGJIANG WILIHENG KNIVES CO., LTD

Product Catalogue 2026

Knives, shears and kitchenware made in our own factory in Yangjiang, China — 85 product photos, every one with a reference code.

2018	43	20	500
manufacturing since	in-house process steps	CNC machining centres	pcs MOQ per model

How to use this catalogue

1. Pick the designs you want — each photo carries a code such as **W-4453**.
2. Send us the codes and the quantity you have in mind.
3. You get a costed quotation within 24 hours on working days, with the specification sheet, carton data and packing list for those models.

Specifications, steel options, sizes, MOQ per model and prices are quoted per enquiry — this catalogue identifies the design, it does not state a specification we have not confirmed for your order. Private label (your logo, colour and packaging) runs from 500 pcs per model; a pre-production sample takes about one week.

Order & contact

What to send us	The photo codes (e.g. W-4453, W-1869), the quantity per model, the market you sell in, and any branding or packaging requirement.
What you get back	A costed quotation within 24 hours on working days, with the specification sheet, carton data and packing list.
Samples	A pre-production sample for private-label runs takes about one week after the artwork is approved; samples are charged and normally credited against the order.
Production	Stock models 20–30 days; OEM / private label with your logo and packaging 30–45 days after sample approval.
Minimum order	500 pcs per model. For mixed assortments we look at the total quantity; a first order of a single model is normal.
Private label	OEM/ODM from 500 pcs per model: your steel, handle material, colour, laser-engraved logo and packaging.
